STYLE INSPIRATION

*Austral Bricks have the inspiration
and expertise you need*

With our comprehensive series of colour and style palettes, skillfully curated from the huge range of Brickworks building materials available, you can select a thoughtful and stylish scheme for any house, whether it's cutting edge contemporary or more traditionally influenced.

Just as important, clay is a natural resource which has been used for centuries because it retains its colour forever as well as its durability.

Our expert design consultants can talk you through colour and style swatches in a friendly one-to-one session, helping you pick a scheme you love for your vision.

BOOK YOUR ONE-ON-ONE *colour consultation* TODAY

San Selmo Smoked
Wild Storm

DESIGNED TO **LAST**

Versatility in design, durability that lasts a lifetime and the highest thermal comfort, with almost no maintenance. Clay bricks and pavers from Austral Bricks tick all the boxes for homes and projects with value and sustainability in mind.

AFFORDABLE VALUE

Cost effective building product materials that increase the value of your investment or project from day one, for generations to come.

LOW MAINTENANCE

No need for paint or other treatments to maintain their aesthetics and durability. They are strong, reliable and relatively maintenance free.

ENERGY EFFICIENT

Combined with intelligent passive building design elements, clay bricks can help moderate building temperatures and reduce energy consumption.

STRENGTH AND SAFETY

Clay products are stronger than concrete and other light weight materials and also provide a safer and more secure home from the outside environment.

NATURALLY SUSTAINABLE

Clay is a natural resource which has been used for centuries because it retains its colour forever as well as its durability. Architects, engineers and specifiers continue to appreciate the advantages of using clay products.

PREMIUM COLLECTION

VENETIAN GLASS

Venice – historic city of bridges and canals, art and artisans. For centuries, Venetians have been producing magnificent glass pieces of every description. Our new range has all the features you'd expect in coloured designer glass – brilliance, transparency, sophistication.

FEATURED: ARCTIC CRYSTAL NATURAL

ALLURE

Lustre – Beautiful, fully glazed bricks that bring a touch of glamour to your project and make a design statement that will stand the test of time. Designed for both internal and external applications, the Allure range offers stylish elegance that's ideal for feature brickwork.

FEATURED: ORIA

LA PALOMA

Spain – confident, creative and the artistry of Dali, Picasso and Miró, which give inspiration to the soft white and charcoal black bricks of La Paloma and La Paloma Rustico. Characterful, eye-catching and steeped in heritage, they express two striking colours found in the spectrum of fired clay colours, transforming buildings into works of art.

FEATURED: LA PALOMA | ROMERO, LA PALOMA RÚSTICO | MIRO

SAN SELMO

Italy – inspired, rustic and charming. The unique San Selmo range of Smoked, Reclaimed, Textured and Raw Corso, embodies the beauty of brick. With hues that transition from light to dark, tactile finishes, and sizes from conventional to distinctive, the San Selmo range suits all contemporary projects and environments.

FEATURED: SAN SELMO SMOKED | WILD STORM, SAN SELMO RECLAIMED | LIMEWASH, SAN SELMO CORSO TEXTURED | MARANA, SAN SELMO CORSO RAW | BRENTA

GLAZED COLLECTION

SPECIALTY

Glazed – and glassy in their effect, our Speciality range is breathtakingly bold, but also subtly gentle with its intriguing hues and colours. These colours were created for specific projects, but the option to create your own colours offers limitless possibilities. Let us help you make your unique design a reality.

FEATURED: ROYAL

BURLESQUE

Making a statement – and the provocative, eye-catching Burlesque range go together when it comes to design. Burlesque's fully glazed finish speaks volumes about this sensuous collection. Available in 13 standard and also neutral colours, the Burlesque range will appeal to the adventurous spirit.

FEATURED: COGNAC ILLUSION & INDULGENT WHITE

GALLERIA

Galleria captures the essence in this blend of Burlesque and Specialty. It's your vision, and your work of art that we've captured in these unique and highly stylised designs. For details, please refer to pg.39.

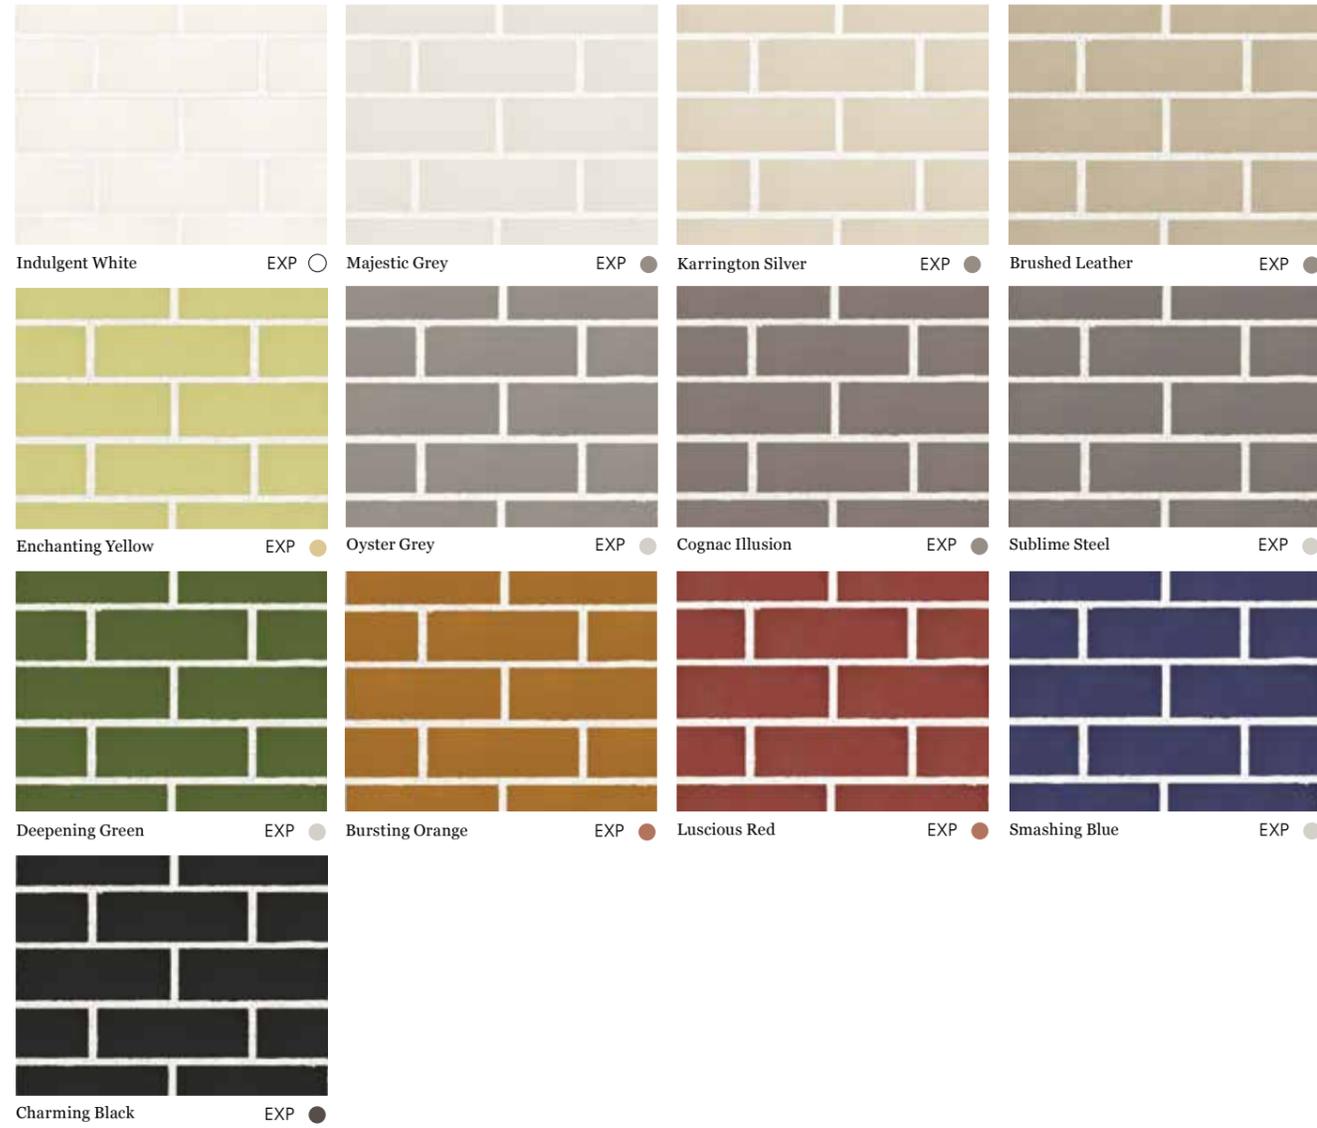

CAMILLA

Camilla Franks, one of Australia's leading fashion designers, has brought the energy of Mexico to life in this collection of colourful glazed bricks. With their reflective finish and sunny tones, they're saturated in style and tactility. Be tempted. Your project will fall in love with these bold bricks.

LUXE COLLECTION

SYMMETRY

A question of balance. The specially developed Symmetry range perfectly suit clean, crisp and precise architectural designs and is also suitable for smaller projects and decorative brickwork. Their simple smooth finish assures a clean line that enhances the functionality of brickwork as architectural form.

FEATURED: COLONIAL RED

YARRA

Authentic, Australian and designed and sustainably produced in Tasmania in our sawdust-fired high temperature kiln. The Yarra range showcases the true beauty and character of a brick that's available in a colour palette moving from the chocolate tones of Burnley, adding a dash of warmth in Essendon, through to a traditional red with Richmond.

FEATURED: BURNLEY

INDULGENCE

Indulge and spoil yourself with this innovative range, its neutral colour tones and quietly confident style. Bring a sense of presence to your project through these subtly textured bricks that come in a range of popular colours. The perfect brick either on their own, or in combination with others, or even with other building products that offer strong contrast.

FEATURED: PRALINE

METALLIX

A brick face that glimmers, sparks immediate interest and which possesses great subtlety. With its depth of colour the Metallix range reflects light on finished brickwork, creating a satin metallic sheen that will lend depth and sophistication to your project.

FEATURED: GRAPHITE

INDUSTRIAL

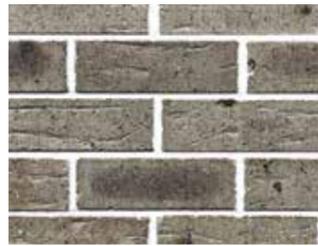

Hardworking, strong and durable, all of them qualities that spring to mind when we consider the term, Industrial. Our range is the embodiment of the strength and durability of a grey colour palette—from soft pale grey to deep strong black. Industrial's distinctive soft surface texture can be used to great effect, and work beautifully on their own or in combination. In fact, they're the perfect choice for today's popular modern grey colour designs.

MORTEX

MORTEX is a factory manufactured, quality assured premixed M4 rated mortar solution. Its consistency can save labour time, increase efficiency, remove the need for on site blending, and it is compliant with AS3700:2018. MORTEX takes the guess work out of mortar blending and reduces the potential for under strength, non compliant mortar use.

This can ultimately reduce potential liabilities, saving money and time on rectifications. With the adoption of ISO9001:2008 principles, the mortar constituents are accurately measured and blended in a controlled environment to ensure consistent, homogeneous mortar is produced on-site.

MORTAR COLOUR

White mortar is currently the most popular colour. This is made by mixing light coloured cement and white sand and results in a traditional brick and mortar look. Mortar can be coloured by adding powdered or liquid pigments to the mortar as it is being mixed by the bricklayer. It can also be tinted to

match the brick colour, giving a very even wall colour. Please confirm with your bricklayer what their mortar colouring offering is before making your final decision. For more information on MORTEX, please visit: australbricks.com.au/TAS/product/Mortex

MORTAR FINISHES

There are four common mortar finishes and these various finishes result in different shadow lines on the wall. A raked finish will create a deep shadow in the mortar joint. This brings out the horizontal lines of the brickwork (and the vertical lines to a lesser extent) and it is the most common finish. Ironed and struck joints also create shadow lines, but these are much finer and more subtle. A flush joint doesn't allow shadow lines to form at all, giving the wall a flatter, more unified look. Using a mortar colour to match the brick will take this a step further.

*Or made to order

EXP = Exposure grade

Suitable for use in external walls exposed to aggressive environments, such as; areas subjected to salts in the soil, adjacent material or ground water, in coastal areas exposed to attack from windborne salt spray, or retaining walls subjected to fertilisers and ground salts.

GP = General purpose

Suitable for internal and external walls only when above a sheet or membrane damp-proof course and protected by an adequate coping, eaves, roof or similar top covering. These units should not be directly exposed to saline environments.

Solar absorbance rating

In the design of energy efficient buildings, architects and consulting engineers need to be able to calculate the heat loss or gain of materials used to construct these buildings.

For this reason, our product range has been categorised into the below three colour groups –

Light (L) < 0.475

Medium (M) 0.475 - 0.70

Dark (D) > 0.70

to assist with their calculations.

HOME OF DESIGN

The Brickworks Design Studio is the place to get inspired and excited about your project.

Our extensive and innovative range of building solutions are all on display within the Brickworks Design Studios. A free one-to-one colour consultation with a Brickworks design expert allows you to feel the textures and experience the quality first hand, giving you ideas and bringing your new home to life.

brickworksbuildingproducts.com.au/booking

And now, with our online colour visualisation tool, iVisualise, you can experiment and choose what your new home will look like online, making the process of selecting your external colours and finishes a stress-free experience.

BEAUTIFUL PRODUCTS *that last forever*

PRODUCT: LA PALOMA ROMERO
PROJECT: WATERSIDE COURT
ARCHITECT: JW CONSTRUCTIONS
PHOTOGRAPHER: CONNOISSEUR PHOTOGRAPHY

Our genuine building products create the most beautiful and sustainable environments and places in Australia.

Brickworks Building Products is one of Australia's largest and most diverse building material producers and providers. With our heritage as one of Australia's founding brick businesses many generations ago, we hold the values of family, community, sustainability, innovation and quality at our core. We know our quality products last forever, which is why some of our products come with a 100 year guarantee.

Under the Brickworks Building Products umbrella are some of Australia's best known building materials brands. Our products include bricks, pavers, masonry blocks, retaining wall systems, precast concrete panels, solar, concrete and terracotta roof tiles, timber products, terracotta façades and specialised building systems. With a broad product portfolio of leading products from Australia and around the world – available right across the country – Brickworks Building Products pride ourselves on our commitment to product, service excellence and our leadership position.

A brand of

BRICKWORKS
— BUILDING PRODUCTS —

The product images in our brochures give a general indication of colour for your preliminary selection.
We also recommend you view current product samples before making your final selections.
